Numeracy Target: Facile backward counting from any number within 100

[Numeracy Targets Chart](#)

Fluency Benchmark: KY.2.NBT.5 Fluently add and subtract within 100.

Kentucky Academic Standard(s): [KY.K.CC.1](#)

Student-Friendly Learning Target: I am learning to say the number words backward in the range 100 to 1.

Suggested Student Grouping(s): individual / group

Materials:

- Numeral cards in the range of 30-100
- Two-color numeral roll (with each decade in alternating colors and only one pre-printed numeral per decade)

Activity Description:

Turn over a card and count backward until told to stop. Use the numeral roll to keep track of the count.

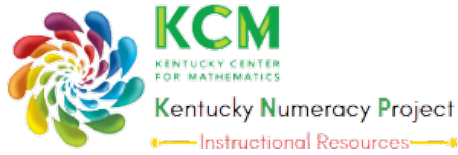

Teacher Notes:

When the child reaches one of the numerals printed on the numeral roll or gets to a change of color, he/she can self-check on accuracy. Note how the student finds the starting number; does (s)he count from one to find the position or does (s)he use a reference number?

Evidence of Learning (Diagnostic Assessment of Progress):

Ask the student to start at various numbers in the range 1-100 and count backward until directed to stop.
