As the students are counting around, the teacher will at various intervals hold up one of the cards. For example, he/she might show the +10 card which would require counting forward by 10's on or off the decade, depending on the previous number spoken.	
Teacher Notes: Create other cards such as +50 and -50 or +100 and -100.	
Evidence of Learning (Diagnostic Assessment of Progress): Ask each student to name the number that comes right after various numbers in the range of 100-1000.
