Materials:

numeral cards 1-100

Activity Description:

Sort cards into decade family stacks (0-9 shuffled in one stack, 10-19 shuffled in another stack, 20-29 shuffled in another stack, etc. to 90-99 in the last stack). Place the stacks of cards face down on the table either in a row or a column. Turn over the top card on any two of the stacks and have the student count* forward from one number to the other.

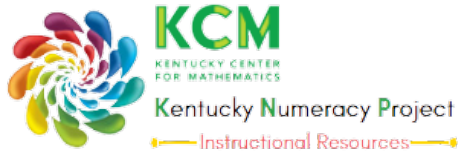

Teacher Notes:

Numeral cards can be created by hand or online using the Sen Teacher website at <http://www.senteacher.org> If using the website, click on "print maths" link, then click on "Number cards" and enter your preferred range and skip intervals. -Note student difficulty with problem areas, such as crossing the decade and double, repeated digit numbers, such as 77.

Evidence of Learning (Diagnostic Assessment of Progress):

Say, "Start counting forward at 39 and I'll tell you when to stop." Repeat with other numbers and have students count forward from various starting numbers.
