

Lesson Plan for KNP Activity

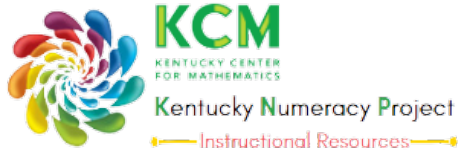

Nb 1110.4: 100 board scrabble (1-30)

Teacher Planning Notes:	
Task Group Number: 1110	Task Group Name: Hidden Numbers
Strand: Backward Counting	Activity Level and Color: 4 Red
KNP Activity Link with access to Printables and Student Instructions: /knp/activity.php?id=1110.4&prefix=Nb	
Numeracy Target: Facile backward counting from any number within 30 Numeracy Targets Chart	
Fluency Benchmark: KY.2.NBT.5 Fluently add and subtract within 100.	
Kentucky Academic Standard(s): KY.K.CC.2	
Student-Friendly Learning Target: I am learning to tell the number word before in the range of 1-30.	
Suggested Student Grouping(s): Various	
Materials: blank 100 chart; 1-30 numeral tiles	
Activity Description: To begin, the instructor will draw 5 tiles and place them in their correct places on a blank 100 board. (The tiles should be from the first 3 rows of the 100 board.) Players take turns drawing 5 numeral tiles from a bag. Then students will take turns placing tiles on the board in correct places. Each tile placed must be one less than tiles that have previously been placed on the board. If a player cannot play a tile then he/she must draw another one from the bag. The first player to get rid of all his/her tiles wins; or play can continue until all tiles are played.	
Teacher Notes: As students become more facile with "one more" and "one less", the activity could be adjusted to allow the placement of a card that is either one more or one less.	

Evidence of Learning (Diagnostic Assessment of Progress):

Ask the students to name a number that is one less than a number in the range of 1-30
