

# Printables for “What's After?, 1-20”

KNPIG ID# Nf 1101.3 – RED

This file contains printables for a small group of students.

For each additional group of students print a new set of numeral cards.

- Numeral Cards: numbered 1-20, [2 Sets]
  - Deal all the cards to the two to five players so each player will have 3 cards within the range 1-20.

“Consecutive numeral cards within the range 1-20, not necessarily starting with 1; enough so each student will have 3 cards (e.g. for 4 players use 12 cards with a range such as numbers 3 to 14; for 3 players use 9 cards with a range such as numbers 9 to 17)”

**Teacher Notes:** The website link is a place to find printable numeral cards. Note students who are having difficulty with quantity and numeral identification. For support with knowing the number word after, have a strip of written numerals in sequence (could be a numeral track). Also, have counters available to aid students in determining the lowest quantity.
