

Printables for “What's After?, 1-100”

KNPIG ID# Nf 1101.5 – BLUE

This file contains printables for a small group of students.

For each additional group of students print a new set of numeral cards.

- Numeral Cards: numbered 1-100, [1 Sets]
 - Deal all the cards to the two to five players so each player will have 3 cards within the range 1-100.

“Consecutive numeral cards within the range 1-100, not necessarily starting at 1; enough so each student will have 3 cards (e.g. for 4 players use 12 cards with any range such as numbers 56 to 67; for 3 players use 9 cards with any range such as numbers 37 to 45, etc.)”

Teacher Notes: The website link is a place to find printable numeral cards. Note students who are having difficulty with quantity and numeral identification. Also, pay attention to difficulties with reversals and crossing the decade. For support use a number line, numeral track, arrow cards, column dots and/or base-ten blocks.
