

Printables for “Splat Bingo Within 1,000”

KNPIG ID # Ni 1120.4 - Green

This file contains printables for a small group of students.
For each additional student print 1 new splat game board and numeral cards.

- 5 Splat Bingo Within 1,000 Game Board
- Numeral Cards Within 1,000: 3 sheets

Teacher Note: Recommended lamination or protective sleeves for bingo boards so use of dry erase markers is possible. Protective sleeves are easier to erase than lamination but do not hold up as long.

If printing the bingo boards and numeral cards is not possible, students may create their own on a piece of paper. Be sure to have them follow the same format as the one provided. If you do not want students to color on the game boards have them cover the number square with colored tiles or bingo chips.
