

Printables for “20s Puzzle”

KNPIG ID # Ni 1140.2 - RED

This file contains printables for a small group of students.

For each additional student print 1 new puzzle.

- 4 20s Puzzles: Cut into Columns.
- 4 20s Puzzles: Cut into Geometric Shapes.

Teacher Note: Set up: Cut each puzzle apart on the dashed lines and store in a baggie or envelope individually. There are two different types of puzzles: columns (which are easier) and geometric shapes (polygonal shapes: with more than four right angles, e.i. an “L” shape).

Created by Jordan Rhude & Emily Westerling, 2015
