

# Printables for “Make Twenty”

KNPIG ID # S 2204.4 – PURPLE

This file contains printables for two students.

For each additional student print 1 Make Twenty Game Board.

- Make twenty Game Boards – 6 Different, Individual Boards.

**Teacher Notes:** Alternatively, each student could be given a game board and students can race to circle all pairs on his/her game board. To play a version without speed, allow students to cooperatively circle pairs on one game board or work independently to find all of the pairs on a single game board.
