

Counting Counters

I can tell how many in a set of 20!

KNP # A 3301.0 – Counting Counters, YELLOW

Fluency Standard: 2.OA.2

Standards: 0-K.CC 5

Materials: Counters – 20 of the same color

Directions:

1. Get 20 counters of the same color.
2. Player 1 puts some of the counters on the table and spreads them out.
3. Player 2 tells how many counters are on the table.
4. Player 1 and 2 switch jobs and start again.
