

# Beaded Chenille Stems

## Before play:

(1) Prepare beaded chenille stems by placing 2 to 10 beads, of the same color, on a chenille stem (pipe cleaner). Bend ends to cover sharp ends and lock beads in place. Include 5 to 10 stems with various amounts to form a set.

(2) Place set of beaded chenille stems in a large cup.

## During a turn:

Student will draw 1 beaded stem. Student will count to determine the number of beads.

## Scaffolding:

Initially, bead stems with larger and fewer beads may be used.
