

Beaded Chenille Stems

Before play:

(1) Prepare beaded chenille stems by placing 2 to 10 beads, of the same color, on a chenille stem (pipe cleaner). Bend ends to cover sharp ends and lock beads in place. Include 5 to 10 stems with various amounts to form a set.

(2) Place set of beaded chenille stems in a large cup.

During a turn:

Student will draw 2 beaded stems. Student will count to determine the total number of beads.
