

Printables for “Bull’s Eye”

KNPIG ID # A 3355.1 – Red

This file contains printables for two pairs of students.

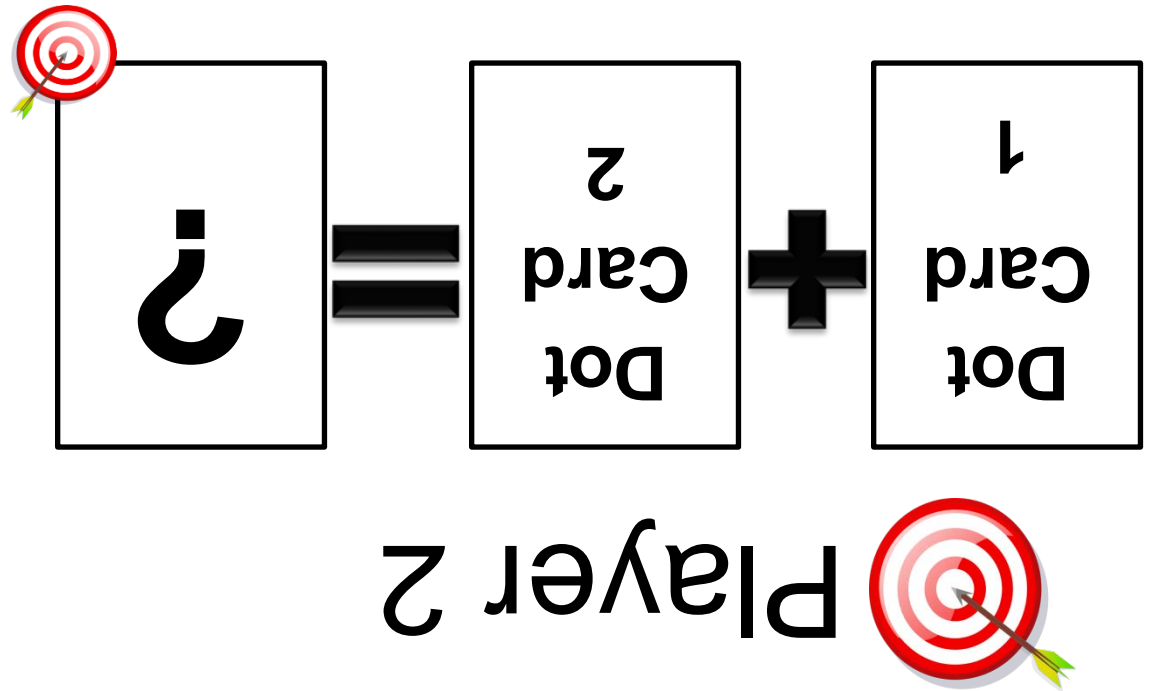

For each additional pair of student print off 1 partner target worksheet and 2 pairs of dot cards.

- 4 Partner Target Worksheet
- Dot Cards (1-10)- 4 Sets

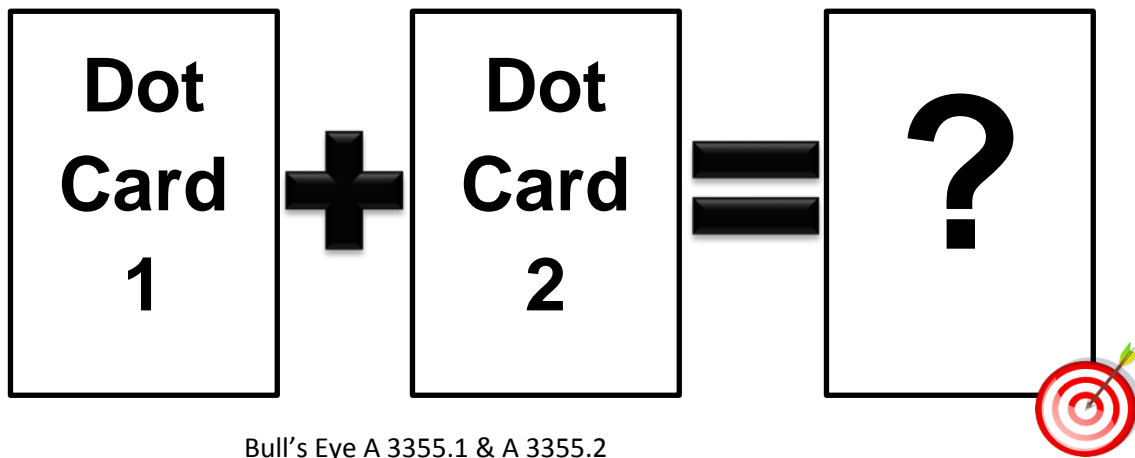

Teacher Notes: This activity challenges students to count items in two groups and to find the total when those groups are combined. Students will also be challenged to find the difference between their number and ten. Though not formalized, they are practicing part/part/whole thinking with support. Student is ready for this task when they are able to items in one group up to twenty.
