

Printables for “Bull’s Eye”

KNPIG ID # A 3355.4 – Purple

This file contains printables for two pairs of students.

For each additional pair of student print off 1 partner target worksheet and 1 set of numeral cards.

- 4 Dot Die Partner Target Worksheet
- 4 Numeral Card Partner Target Worksheet
- Numeral Cards (1-20)- 4 Sets

Teacher Notes: This activity challenges students to find the difference between twenty and a smaller number.

Students are ready for this activity when they can mentally total two numbers within twenty and also find a total of six single digit numbers within the range of twenty. Students will be challenged to use efficient mental strategies to find the total of the six numbers. Then students will find the distance to the number twenty.
