

Printables for “Cups Game”

KNPIG # M 4436.4 – PURPLE

This file contains printables for two students.

For each additional pair of students print 1 sets of Numeral Cards.

- Numeral Cards – Numbered 1 - 12.

Teachers must also supply students with a ten-sided numeral die with numerals 0 to 9 and a writing space.

Teacher Note: Be cautious about using numerals too early without the explicit quantitative representation, because some children may not have sufficient understanding to make sense of the abstract operations.
