

# Printables for “Mixed Rollers (within 100 with materials)”

KNPIG ID # T 5505.3 – GREEN

This file contains printables for five pairs of students.

For each additional pair of students print one score board and one set of number cards.

- 5 "Mixed Rollers!" Score Board
- 5 sets "Mixed Rollers!" Number Cards

**Teacher Note:** This activity challenges students to work with two digit numbers dealing with tens and ones simultaneously without the use of materials. At the end of this task, they will feel comfortable solving two digit addition and subtraction tasks using jump strategies.

Students are ready for this activity when they can solve two digit addition and subtraction tasks involving tens and ones with the use of materials.

This activity can be run as a small group activity. Just print more copies of the scoreboard for students to share in pairs.
