

Printables for “Cup O' Gold”

KNPIG ID # T 5513.3 – GREEN

This file contains printables for two students.

For each additional pair of students print 1 set of Arrow Cards.

- Ones Arrow Cards – Numbered 0-9.
- Tens Arrow Cards – Numbered 00-90.
- Tens Arrow Cards – Labeled 10.

Teacher Notes: Students are ready to play this task level when they can imagine the quantities of gold pieces. Students may want to imagine unbundling groups of ten to be able to subtract. Provide the portion cups (possibly covered) for students who may not yet have the quantities internalized and, therefore, need extra help. You can simplify the task by giving only the higher 1-digit cards to the first player and the lower 1-digit cards to the second player (so no unbundling would be required).

Cut arrows on the dark lines. If desired, print each place value on a different color.

Cut arrows on the dark lines. If desired, print each place value on a different color.

Cut arrows on the dark lines. If desired, print each place value on a different color.

Print multiple "ten" arrows to focus on teen numbers (activity Ni 125.2)
