

# Printables for “Delivery Game (sticks or bundles)”

KNPIG ID # T 5523.1 – RED

This file contains printables for two students.

For each additional pair of students print truck picture mats and order cards.

- 2 Truck Picture Mats
- 10s or 1s Customer Order Cards - 2 Pages: 18 cards in total.

Print one set of customer order cards per pair of students.

Teacher need to supply students with 20 bundles of ten popsicle sticks, 50 loose sticks and 4 hair-holders per pair and a writing space.

**Teacher Note:** Some students may not yet be able to conceive of a group of ten as 1 thing to be counted. Those students may need more experience with building numbers using sticks and bundles with arrow cards and with counting items in groups. The standard here refers to operating with an addend/subtrahend that is either a 1-digit number or a multiple of 10. Activity T 523.2 is more difficult, because the cards include 2-digit numbers that are not multiples of 10.
