

Saying Number Word After (within 30)

I am learning to say the number that comes after a number in the range 1-29.

Materials:

a cup, tiles with numbers 1-29 or numeral cards with numbers 1-29

Directions:

1. Get cup, tiles or numeral cards.
2. Player 1 draws a tile (or a numeral card) and says the number word after the number tile drawn.
3. Player 2 says the number word that comes right after the number rolled or the card drawn.
