

Saying Number Word Before (within 100)

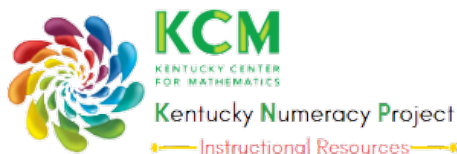

I am learning to say the number that comes before a number in the range 1 to 100.

Materials:

a cup, tiles with numbers 1-100 or numeral cards with numbers 1-100

Directions:

1. Put all the number tiles in a cup (or put the number cards face down in a stack).
2. Draw out a tile or number card.
3. Tell your partner or teacher the number that comes just before the number you chose.
4. Take turns with your partner or teacher.
