

Tic Tac Toe

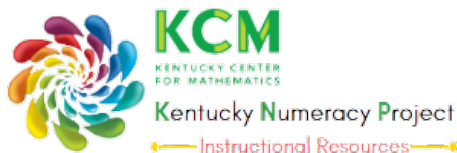

I am learning to say the number word that comes just before a number in the range of 1-10.

Materials:

- TicTacToe Board labeled 1-9
- numeral cards 2-10
- game markers

Directions:

1. Mix the number cards up and put them face down where you can't see the numbers.
2. Player 1 draws a card from the stack and places a game marker on the number that comes just before the number drawn.
3. Players take turns.
4. The first player to get three in a row is the winner.
