

Teacher's Mistake

I am learning to detect errors in counting, in the range of 1-5.

Materials:

verbal

Directions:

1. Player 1 counts forward from 1 to 5 and omits one number. (Ex. 1, 2, 3, 5)
2. Player 2 earns a point when he/she identifies the omitted number.
3. Player 1 earns a point when Player 2 cannot identify the omitted number.
4. Players take turns and continue.
