

Teacher's Mistake

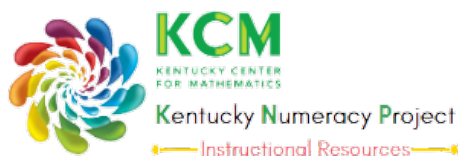

I am learning to detect errors in counting, in the range of 1-10.

Materials:

verbal

Directions:

1. Player 1 counts forward from 1 to 10 and omits one number. (Ex. 1, 2, 3, 5, 6, 7, 8, 9, 10)
2. Player 2 earns a point when he/she identifies the omitted number.
3. Player 1 earns a point when Player 2 cannot identify the omitted number.
4. Players take turns and continue.
