<u>Teacher's Mistake</u>

## I am learning to detect errors in counting, in the range of 10-1.

Materials:

verbal

Directions:

1. Player 1says the backward counting sequence of 5 or 6 numbers in the range of 10 to 1 and omits one number. (Ex. 8, 7, 5, 4, 3, 2)

2. Player 2 earns a point when he/she identifies the omitted number.

3. Player 1 earns a point when Player 2 cannot identify the omitted number.

4. Players take turns and continue.
