

Teacher's Mistake

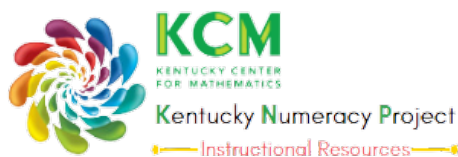

I am learning to detect errors in counting, in the range of 1-30.

Materials:

verbal

Directions:

1. Player 1 counts forward counting sequence in the range of 1 to 30 and omits one number. (Ex. 22, 23, 25, 26, 27, 28)
2. Player 2 earns a point when he/she identifies the omitted number.
3. Player 1 earns a point when Player 2 cannot identify the omitted number.
4. Players take turns and continue.
