

Teacher's Mistake

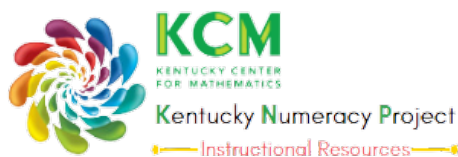

I am learning to detect errors in counting, in the range of 30-100.

Materials:

verbal

Directions:

1. Player 1 counts forward counting sequence in the range of 30 to 100 and omits one number. (Ex. 52, 53, 55, 56, 57, 58)
2. Player 2 earns a point when he/she identifies the omitted number.
3. Player 1 earns a point when Player 2 cannot identify the omitted number.
4. Players take turns and continue.
