

Hidden Numbers (1-5)

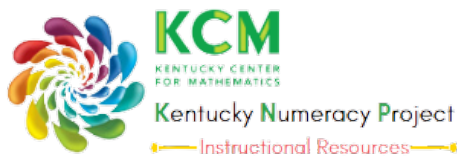

I am learning to read numerals 1-5 and say the number words back from 5 to 1.

Materials:

numeral track 1-5 (see link for directions)

Directions:

1. Get a numeral track from your teacher.
2. Open one door and say the number, then count backwards from that number to 1.
3. Close the door.
4. Choose a different door to open, say the number, and then count backwards to 1 from that number.
5. Keep doing this until all the doors have been opened and you have named all the numbers.
