

Numeral Track

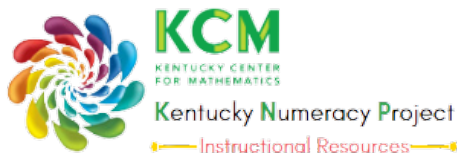

I am learning to say the number words backward in the range 10 to 1.

Materials:

numeral track 1-10 (see link for directions)

Directions:

1. Get some numeral tracks from your teacher.
2. Put the two numeral tracks together.
3. Open any door on the numeral tracks and count backwards from that number.
4. Open each door as you count **backwards** to check your answers.
5. Choose a different starting number and do it again.
