

Numeral Track

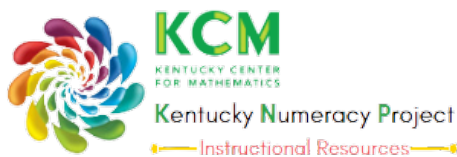

I am learning to say the number words backward in the range 10 to 1.

Materials:

numeral cards 1-10

Directions:

1. Mix the numeral cards up and put them in a stack, face down on your desk where you can't see the numbers.
2. Pick up the top card.
3. Say the number and count **backwards** from that number until you get to 1.
4. Pick up the next card and do it again.
5. Keep going until you use all the cards.
