

Numeral Track

I am learning to say the number words backward in the range 30 to 1.

Materials:

- Numeral cards 5-29;
- Two-color numeral roll (with each decade in alternating colors and only one pre-printed numeral per decade)

Directions:

1. Mix the numeral cards up and put them in a stack, face down on your desk where you can't see the numbers.
2. Pick up the top card.
3. Say the number and count **backwards** from that number until you get to 1.
4. Use the numeral roll if you need help.
5. Pick up the next card and do it again.
6. Keep going until you use all the cards.
