

Numeral Track

I am learning to say the number words
backward in the range 100 to 1.

Materials:

- Numeral cards in the range of 30-100
- Two-color numeral roll (with each decade in alternating colors and only one pre-printed numeral per decade)

Directions:

1. Mix the numeral cards up and put them in a stack, face down on your desk where you can't see the numbers.
2. Pick up the top card.
3. Say the number and count backwards from that number until you are told to stop.
4. Use the numeral roll if you need help.
5. Pick up the next card and do it again.
6. Keep going until you use all the cards.
