

Reading Numerals from 1 to 5

I am learning to read numerals 1-5.

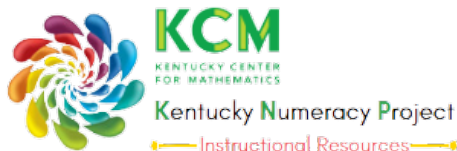

Materials:

numeral cards 1-5

Directions:

1. Lay out numeral cards randomly face up.
2. Have your teacher or partner, ask you to point to the ___ (1-5).
3. If you points to the correct card have your teacher or partner ask you to point to a different numeral card.

*If you answer incorrectly, have your teacher or partner show the numeral and say its name. You should repeat the name and trace the number with your finger.
