

## Thousands Alien

I am learning to tell the name of numbers to one thousand and then tell one more, one less, ten more, ten less, one hundred more and one hundred less.

### Materials:

- Alien Work Mat
- Arrow Cards- hundreds, tens and ones
- More or Less stars
- Dry erase or pencil

### Directions:

Set up:

1. Each student gets their Alien Work Mat.
2. Shuffle and stack arrow cards face down in pile in front of the student.
3. Shuffle one set of "more or less" cards and place them face down in front of the student.

Game Play- On your turn:

1. Selects one hundreds arrow card, one tens arrow card and one ones arrow card.
2. Arrange arrow cards to form a number on the alien's belly.
3. Choose four more or less stars from the stack and place them by the spaces on the alien's head feet and hands.
4. Follow the directions on the stars and write the new numbers in the spaces.
5. Say all of your numbers out loud.
6. Return the cards to the stacks and try again!
