# Turkey Feathers (1 to 6)

I am learning to compare quantities and match a quantity to a numeral in the range 1 to 6.

Materials:

turkey and feathers pattern, scissors, glue, paper, pencil, die

Directions:

1. Roll the die and place that many feathers on one turkey.

2. Roll the die again and place that many feather on another turkey.

3. Write the number of feathers each turkey has on or under the turkeys.

4. Circle the turkey that has the most feathers.
