KNP ID # S 2211.0, Yellow

**Task Group: Pyramid** 

Kentucky Academic Standard(s): KY.K.CC.3, KY.K.CC.4, KY.K.CC.5

**Numeracy Target: Subitize quantities to 6** 

## **Pyramid (Match to 5)**

## I am learning to read and match quantities and numerals to 5.

## **Materials:**

numeral cards 0 to 5, dot cards (or other representation) 0 to 5, either 1 or 2 of each

## **Directions:**

- 1. Shuffle cards.
- 2. Take one card from the deck. Set aside as a "mystery card" (don't look at it).
- 3. Place cards in a pyramid shape (4,3,2,1) face-up.
- 4. Player 1 selects 2 cards that are match. For example, a "3" matches another "3" or a card with 3 dots.
- 5. Player 1 replaces the open spaces with cards from the deck.
- 6. Players take turns.
- 7. When there are no more cards in the deck, play continues until only 1 card is remaining.
- 8. Players should predict the mystery card based on the card left in the pyramid.
