

Four in a Row (5 Plus)

I am learning to use the 5 plus structure of numbers up to 10.

Materials:

6X7 Four in a Row board with numbers 5-10, cube with numerals 0-5, cube with the numeral 5 on every face, counters to use as game covers

Directions:

1. Get Four in a Row board, cubes and counters.
2. Players selects 1 color to use as a cover.
3. Player 1 rolls both cubes and places marker on board that is the sum of the two cubes.
4. Player 2 takes a turn.
5. Play continues until a player has 4 in a row in their color.
