

## Quick Images

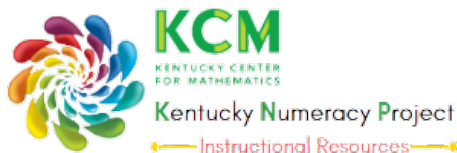

I am learning to recognize quantities up to 10 shown either five-wise or pair-wise.

### Materials:

domino dot cards showing 5 to 10 dots in a pair-wise or five-wise arrangement, dot cards showing 5 to 10 dots in a pair-wise or five-wise arrangement, 10 frames arranged either pair-wise or five-wise and/or finger pattern cards

### Directions:

1. Put all the dot cards in a stack.
2. Show your partner each card very quickly, one at a time, and ask your partner to tell you how many dots he or she saw.
3. If your partner makes a mistake, ask him or her to try again.
4. Take turns.
