

## Counting Counters

I am learning to tell the total of two collections within 20, when screened.

### Materials:

1 set of red counters, 1 set of blue counters, 2 screens to cover, writing space

### Directions:

1. Get red and blue counters and 2 screens.
2. Player 1 puts up to 20 red counters on the table and tells the number. Cover with a screen.
3. Player 1 puts 2-6 blue counters on the table and tells the number. Cover with a screen.
4. Player 2 tells the total by counting on.
5. Player 2 writes the matching addition equation.
6. Player 1 uncovers the screens to check the number.
7. Player 1 and 2 switch jobs and start again.
