KNP ID # A 3302.4, Purple Fluency Benchmark: KY.2.0A.2

Task Group: Removing Counters

Kentucky Academic Standard(s): KY.1.0A.6

Numeracy Target: Relate addition and subtraction

Removing Counters

I am learning to subtract by using the most efficient strategy (counting down from or counting down to) and I am learning to write the matching subtraction equations.

Materials:

one set of same color counters with two screens to cover

Directions:

- 1. The teacher will show you up to 20 counters.
- 2. While covering the counters the teacher will remove between 4-15 counters from the original amount.
- 3. Tell how many counters are left.
- 4. Write the matching subtraction equation.
