

Fill 20 Game (all items visible)

I am learning to carefully count each item to
20.

Materials:

"Fill 20" game board, 20 counters or pennies per player, dot or numeral cube

Directions:

1. Get a game board and bag of counters for you and a partner from the folder.
2. Roll the number cube and put that many counters on your game board.
3. Tell your partner how many counters are on your game board altogether.
4. Take turns with your partner.
5. Be sure to tell your partner how many counters are on your game board each time
you roll the number cube.
6. The first player to fill a game board wins.
