Fluency Benchmark: KY.2.OA.2

KNP ID # A 3305.4, PurpleFluencyTask Group: How Many?Kentucky Academic Standard(s): KY.1.0A.2, KY.1.0A.4, KY.1.0A.8Numeracy Target: Relate addition and subtraction

## How Many?

## I am learning to solve word problems and explain my thinking.

## Materials:

Question cards, Numeral and Symbol Cards, Recording sheet, bead rack (optional)

## Directions:

- 1. Remove numeral cards, question cards, and recording sheet from folder.
- 2. Organize materials.
- 3. Draw a question card.

4. Use numeral cards and symbol cards to build an equation that can help you answer your question.

5. Record your equation on your recording sheet and solve the equation.

6. Record how you found your answer on your recording sheet. Use the bead rack to check your answer.

7. Draw another question card and repeat.
