KNP ID # A 3305.6, Orange Fluency Benchmark: KY.2.OA.2

Task Group: How Many?

Kentucky Academic Standard(s): KY.1.0A.4, KY.1.0A.6, KY.1.0A.8

Numeracy Target: Extending and refining strategies for +/-

How Many?

I am learning to use mental math to solve equations with missing values.

Materials:

equation cards, recording sheet, bead rack (optional)

Directions:

- 1. Remove materials from folder.
- 2. Draw an equation card.
- 3. Record the equation, solution, and explanation on your recording sheet.
- 4. Use the bead rack to check your answer.
- 5. Draw another equation card and repeat.
