

Panel Dot Cards (dots screened)

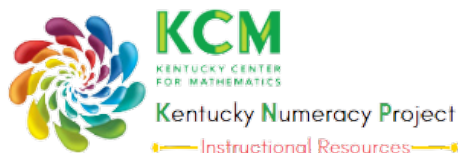

I am learning to tell the total within 20 by counting on.

Materials:

Two panel dot cards - level 3

Directions:

1. Get the 2-panel dot cards, level 3.
2. Take one of the 2-panel dot cards, open the left door.
3. Say the number of dots and close the door.
4. Quickly open and close the right door to see how many dots are on the right side.
5. "How many dots altogether?"
6. Look on the back to see if you are correct.
7. Try another card.
