Numeracy Target: Count items arranged in equal groups with only group markers visible (items with groups are not visible)

Quick Images

I am learning to find the product with only group markers visible and write the matching multiplication equation.

Materials:

Multiplication images with screens PowerPoint, writing surface

Directions:

- 1. Get images and writing material.
- 2. Player 1 takes one of the images and shows it for 3 seconds and then turns the image over where the screened image shows.
- 3. Player 2 will tell how many dots or items in all.
- 4. Player 2 will write a matching multiplication equation.
- 5. Players can take turns showing the images.
