

Task Group: Chunk It

Kentucky Academic Standard(s): [KY.1.NBT.2](#), [KY.1.NBT.4](#)

Numeracy Target: Solve 2-digit +/- with materials by using strategies based on place value

Chunk It

I am learning to use tens and ones to compose numbers in at least two different ways in order to fill an area.

Materials:

Chunk It base-ten building cards, Base-ten blocks- 10 longs and 50 units per student

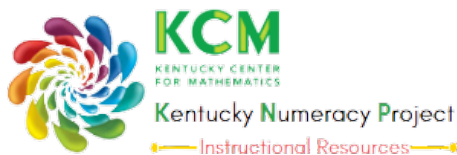

Directions:

Have 10 longs and 50 unit blocks available for each student

Student take turns:

- Select building card and records card letter on recording sheet
- Fill the shape with longs and units
- Write the total number of units that will fill the shape
- Write the matching expression in the form of *tens + ones*

There are twelve building cards students may complete.
