KNP ID # F 7701.0, Yellow   **Fluency Benchmark: Fractions**
Task Group: Fraction Squares
Kentucky Academic Standard(s): KY.K.G.6, KY.1.G.2
Numeracy Target: Whole number foundations; introduce manipulative

Fraction Squares- How Many?

## I am learning to determine how many equal parts make the whole.

Materials:

Fraction Squares Pieces (from EAI or use template - Blue, Brown, Yellow, Orange and Pink pieces only), recording sheet.

Directions:

Directions:
1. Get a recording sheet and the set of rectangles.
2. Fill in the first prediction by looking at one blue square and one brown rectangle. Then, use brown rectangles to completely cover the blue square. Write down the number of rectangles used. Compare your prediction to your answer.
3. Do the same for each row, filling in the prediction first, then testing your prediction using the pieces.
