

## Is it Fair? Fraction Sort

I am learning to determine if a rectangle has been partitioned fairly. I am learning to determine if a shaded portion of a rectangle is one-half or one-fourth.

### Materials:

Fraction Sort Cards sets A through D, Sorting Board, Answer Cards

### Directions:

1. Get Card Set A and the Sorting Board.
2. Place the Rule Card at the top of the Sorting Board.
3. Sort the cards according to the rule.
4. Check your answer.
5. Continue in order, sorting sets B through D, checking your work each time.
