

Suggested Materials

Most **MATH FACT FLUENCY** games can be played with just a few basic materials. Routinely used materials include:

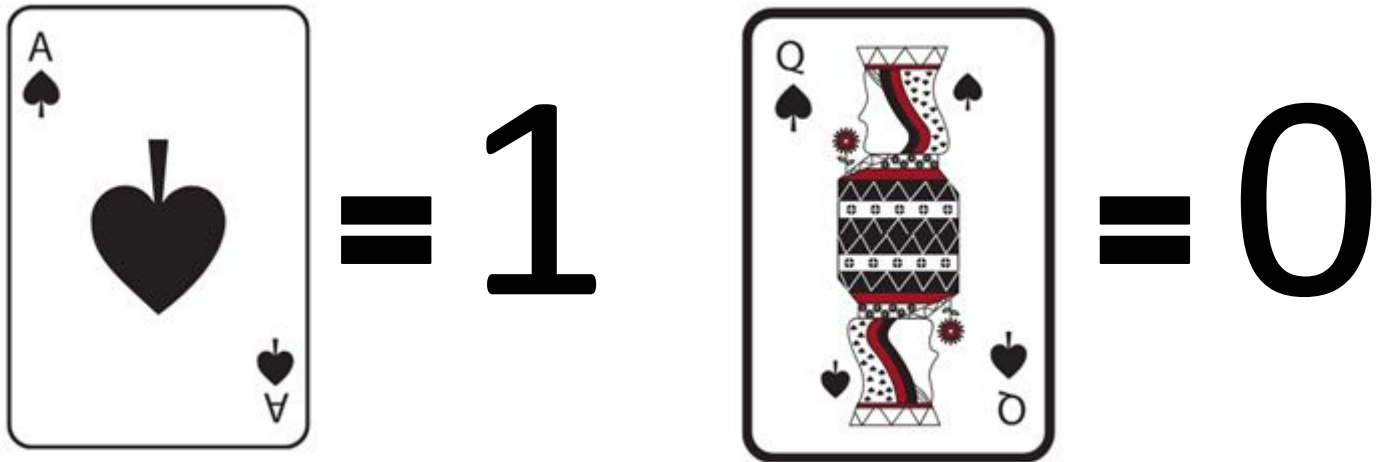

- **Transparent counters in two colors**
- **1-6 dot dice**
- **0-9 numeral dice**
- **0-10 deck of cards (*see note below)**
- **Dry-erase markers & wipes**

We recommend laminating gameboards, game mats, and recording sheets for durability and for use with dry-erase markers. Alternatively, place sheets into [dry-erase sleeves](#) or sheet protectors.

*NOTE: Many games use a 0-10 deck of cards. A variety of options are available, including:

- For older players, adapt a regular deck of cards by removing the Jacks and Kings, and treat the Queen as 0 and the Ace as 1. In many games, including Kings as wildcards make a fun twist! Place the reminder mat (next page) out for players to see when using regular playing cards.
